

Medicines Cure Diseases,  
But Only Doctors...  
Can Cure Patients.

Salute To All

God cannot be  
everywhere,  
so He sent the  
Doctors with  
Excellence and selflessness.

All over the world  
a **WAR** is being fought

with the virus called  
**CooRooNaa**

Some of us will fall

Some of us will survive...

Everyone is worried about this new enemy...

**CooROONaa**

At this difficult time

We have to be together

So, don't fear, work carefully...

Let's show some gratitude towards

The doctors who researched and alerted us

About the **CooRooNaa**,

The nurses, police, daily workers, government

And all those who are working diligently

And risking their own life...

*Help those if possible,  
who don't have the access  
to the basic things  
in this hour of Need...  
Let's pray for those who are  
**SUFFERING...***

*We have to protect ourselves*

*And the **WORLD***

*We have to be healthy  
For our family and for our*

***SOCIETY...***

*To move forward the generations*

*To fulfil those endless*

*Dreams and Desires...*

*To roam like an open **LION** again...*

*A little caution can save us  
From getting infected...  
So let's keep ourselves clean  
Let's stay at home for  
SOMETIME...*

*Let's keep ourselves in **QUARANTINE**  
for SOMETIME...*

*And Let's fight against  
**CooRooNaa**  
So **TOGETHER WE CAN**  
Defeat the enemy  
**CooRooNaa**  
until it's erased...*

# COVID-19

CORONAVIRUS, The worst disease,  
Hide in homes, If you please,  
A disease killing lives,  
And spreading Negative virus,  
Symptoms like Fever, Making us weak,  
Doctors help we need to seek  
Started in china Now the world in sick,  
Let us unite and find a cure quick.  
You'll have Fever, as I told.  
You'll get headache and cold.  
Following up, then comes cough.  
Getting rid now, is quite tough.  
You'll get problems of Respiration.  
Now we all will need prevention.  
Muscle pain can come too.  
Let's Build Immunity, Me and you.  
Wash your hands with some soap.  
We'll fight the virus, it's our hope  
Sneeze and cough on a tissue.  
Let's take some steps on this issue  
Don't go to crowded places  
Don't be one of those thousands cases.  
Visit a doctor. If you need care.  
Now Just Make Others All Aware.
